MANAGEMENT DISCUSSION AND ANALYSIS

Change of Company Name

Pursuant to a special resolution passed by the shareholders of the Company at an annual general meeting on 3 September 2012 and approved by the Bermuda Registry of Companies on 10 September 2012, the name of the Company has been changed from "Sam Woo Holdings Limited" to "Noble Century Investment Holdings Limited" and the adoption of the Chinese name "仁瑞投資控股有限公司" as the secondary name of the Company in replacement of "三和集團有限公司" has become effective.

The Certificate of Registration of Change of Corporate Name of Non-Hong Kong Company confirming registration of the Company under the name of "Noble Century Investment Holdings Limited 仁瑞投資控股有限公司" under Part XI of the Companies Ordinance was issued by the Registrar of Companies in Hong Kong on 15 October 2012.

Financial Review

The Group did not record any turnover during the six months ended 30 June 2012 as compared to approximately HK\$24.9 million for the same period in 2011. The loss before taxation for the Period was HK\$13.8 million as compared to HK\$23.5 million for the Previous Period.

Despite the receipt of various enquiries and quotations from potential customers throughout the Period, the vessel chartering business experienced difficult time. The vessel was not able to obtain any voyage chartering contract and contributed no revenue to the Group during the Period as the world's overall macro-economic sentiment continues to be weaken by the financial instability in the Eurozone and economic slowdown of the United States.

The reduction of the loss of the Group from the Previous Period's HK\$23.5 million to HK\$13.8 million for the Period was mainly attributed to the write off of a trade receivable of approximately HK\$7.4 million in the Previous Period and the other cost savings of approximately HK\$2.3 million as a result of the tighten control exercised by the Group on its expenditure during the Period.

As at 30 September 2012, the unaudited total assets and net assets of the Group were HK\$66.2 million (31 March 2012: HK\$69.7 million) and HK\$19.3 million (31 March 2012: HK\$33.1 million) respectively. The Board does not recommend the payment of any interim dividend for the six months ended 30 September 2012.

Business Review and Outlook

The global economic condition remains challenging and continues to be treated by the sovereignty debt crisis in the Eurozone and the effect of the third round of quantitative easing on the real economy of the United States.

However, signs of stabilisation in the vessel chartering business both in terms of pricing and utilization have been observed. A voyage order has been received by the Group which will contribute a turnover of US\$1.9 million (approximately HK\$14,800,000) for the remaining period of the year. The Group is in active discussion with potential customers on chartering of the Group's vessel, m/v Asian Atlas and is optimistic to further improve the operation of the vessel chartering business in the years to come.

In order to strengthen the capital base and financial resources of the Group, the Company has successfully completed the placing of 120,000,000 Consolidated Shares of the Company of HK\$0.05 each with net proceeds of approximately HK\$29 million on 16 November 2012.

With the strengthened financial position, the Group will deploy more resources and take appropriate strategy to expand the sources of income from the vessel chartering business. The Group would also actively identify and explore other investment and business opportunities to broaden its assets and revenue base. The Group will cautiously search for investment opportunities so as to produce a steady growth in the Group's long term performance.

Liquidity, Financial Resources and Gearing

As at 30 September 2012, the Group had cash and bank balances of HK\$500,000 (31 March 2012: HK\$3 million) and total borrowings of HK\$39 million (31 March 2012: HK\$31.6 million). The Group's gearing ratio, calculated by dividing total borrowings by total equity, was 201.7% as at the end of the Period (31 March 2012: 95.4%). The liquidity ratio, being the ratio of current assets over current liabilities as at 30 September 2012 was 0.55 (31 March 2012: 1.43).

The deterioration of both the gearing ratio and the current ratio during the Period was due to the operating loss incurred by the Group.

Subsequent to the end of the Period on 16 November 2012, the Group completed the placing of 120,000,000 Consolidated Shares of the Company of HK\$0.05 each with net proceeds of approximately HK\$29 million, resulting with a significant improvement of both the gearing and liquidity ratio.

Foreign Exchange Exposure

Operations of the Group are mainly conducted in Hong Kong dollar ("HK\$") and United States dollar ("US\$") and its revenue, expenses, assets, liabilities and borrowings are principally denominated in HK\$ and US\$, which do not pose significant foreign currency risk at present.

Dividend

The Board does not recommend the payment of any dividend for the Period.

Capital Structure

Pursuant to an ordinary resolution passed by the shareholders of the Company at a special general meeting held on 14 September 2012, the capital structure of the Company had been restructured by share consolidation (the "Share Consolidation") of every five shares of the Company of HK\$0.01 each into one consolidated share (the "Consolidated Share(s)") of HK\$0.05 each.

On 14 August 2012, the Company entered into a placing agreement with a placing agent to place (the "Placing") 600,000,000 shares of the Company of HK\$0.05 each at a placing price of HK\$0.25 each. The Placing was completed subsequent to the end of the reporting period on 16 November 2012, with net proceeds of approximately HK\$29 million, of which HK\$15 million has been applied for the partial repayment of the Group's borrowings and the remaining approximately HK\$14 million was applied as general working capital of the Group.
